2021_2 EXAMINATION

COURSE TITLE: COMMUNITY MOBILIZATION AND PARTICIPATION

COURSE CODE: PHS322

CREDIT UNIT: 3 Units

TOTAL SCORE: 70 Marks

TIME ALLOWED: 2 Hours

INSTRUCTION: Answer All Question

QUESTION 1 22 marks

1a. Define Community diagnosis (2 marks)

1b. How Is the Community Diagnosed? (10 marks)

Community analysis is the process of examining data to define needs strengths, barriers, opportunities, readiness, and resources. The product of analysis is the community profile. To analyse assessment data is helpful to categorize the data.

This may be done in the following ways:

- i. Demographic
- ii. Environmental
- iii. Health resources and services
- iv. Health policies
- v. Socioeconomic
- vi. Study of target groups.

Community is diagnosed using health indicators. Indicators of health are variables used for the assessment of community health.

2 marks for any correctly explained point x 5 = **10 marks**

1c. Enumerate and explain 4 factors affecting health in the community (10 marks)

QUESTION 2 24marks
