

they are insoluble in water

[ANP204] Which of these statements is not lipids?  
they are insoluble in organic solvents

[ANP204] Majority of lipids have \_\_\_\_\_ as their building blocks  
fatty acids

[ANP204] Majority of lipids have \_\_\_\_\_ as their building blocks  
fatty acids

[ANP204] Arachidonic acid is an unsaturated fatty acid with \_\_\_\_\_ double bonds  
4

[ANP204] Which of these is an aromatic amino acid  
Aspartate

[ANP204] Which of these is an aromatic amino acid  
Aspartate

[ANP204] One of these is a sulphur containing amino acid  
Cysteine

[ANP204] One of these is a sulphur containing amino acid  
Alanine

[ANP204] Which of these is not a physical property of lipids  
ability to form micelles
