

12

[FRE231] There are oral vowels in French

12

[FRE231] There are two types of enchaînement in French:  
enchaînement vocalique et enchaînement consonantique

[FRE231] When sounds are transcribed the way they are produced or articulated they are always put in what is known as  
crochets phonétiques

[FRE231] There are letters in French

26

[FRE231] There are letters in French

28

[FRE231] There are letters in French

28

[FRE231] Épenthèse is a process by which  
some words drop their final vowel and replace it with an apostrophe before words  
beginning with a vowel sound.

[FRE231] There are two categories of consonant phonemes in French; They are  
occlusives and constructives

[FRE231] When phonemes are transcribed the same way like sounds they are put in  
what is called  
barres obliques
