

Potential energy

[SED224] The property of matter which deals with the conversion of molecular substances to work, heat or radiation is referred to as

Energy

[SED224] The equation: $6\text{CO}_2 + 6\text{H}_2\text{O} + \text{light and chlorophyll} \rightarrow \text{C}_6\text{H}_{12}\text{O}_6 + 6\text{O}_2$ represents the process of
Photosynthesis

[SED224] The process of change of energy from one form to another is referred to as
Energy conversion

[SED224] What form of energy is created in a stretched rubber band?

Potential energy

[SED224] One of the major challenges facing the human race today stems from
Inadequate energy supply

[SED224] A substance is said to be a form of matter when
It has mass and occupy space

[SED224] Volume of a substance is a property of matter which denotes ?
The amount of space the substance occupies

[SED224] The form of energy utilised by a moving or flying rubber band is known as
Kienetic energy

[SED224] Light, heat, motion and sound are all forms of
Kinetic energy
