

9.00/10.00.

An \_\_\_\_\_ generalization is a statement asserting universal connection between variables of interest.

empirical

A problem is an intellectual \_\_\_\_\_ calling for a response in the form of scientific solution.

stimulus

\_\_\_\_\_ is one of the major sources of research topics.

Literature

The logic whereby observations are transformed into \_\_\_\_\_ generalization is referred to as INDUCTION

empirical

Any method can also be used to gather information concerning different \_\_\_\_\_

hypothesis

The research proposal is essentially a road map, showing clearly the location from which a journey begins, the destination to be reached, and the \_\_\_\_\_ of getting there.

method

You should also present your services and credentials in the best possible way to encourage the acceptance of your \_\_\_\_\_ among competing proposals.

a.

Proposal

Depending on the type of research and the sponsor, various aspects of a \_\_\_\_\_ proposal design are usually emphasised.

a.

standard

A research \_\_\_\_\_ can evolve from personal experiences and observation of a set of problems
