**Course Title: Edu-Preneurship**

**Credit Unit: 2**

**Time Allowed: 2 Hours**

- Instruction**
1. Indicate your Matriculation Number clearly
  2. Attempt question one (1) and any other three (3) questions; four questions in all
  3. Question one (1) is compulsory and carries 25 marks, while the other questions carry 15 marks each.
  4. Present all your points in a coherent and orderly Manner

**Question 1**

**A.** As an edupreneur responsible for managing an educational business, describe specific ways in which an edupreneurial mindset can drive innovation. Consider factors like curriculum development, technology integration, student engagement, and administrative improvements. (10 Marks)

**B.** Explain why adaptability is a crucial skill for edupreneurs in today's rapidly changing educational landscape. Provide examples of how being adaptable can help overcome challenges, meet diverse student needs, and navigate shifts in education technology and policy. (10 Marks)

**C.** Discuss the key advantages that an edupreneurial approach offers in the education sector. Consider the benefits for students, educational institutions, and the community at large. (5 Marks)

---

**Question 2**

With your extensive experience in the education sector, what are five key challenges that edupreneurs can work to address? Think about obstacles like funding, curriculum relevance, access to technology, scalability, and regulatory issues, and discuss how tackling these can strengthen the education ecosystem. (15 Marks)

---

**Question 3**

Ms. Amaka is an investor interested in diversifying into the education sector. As her consultant, explain how adopting an edupreneurial approach can support the creation of sustainable business models in education. Discuss factors such as long-term funding, scalability, community impact, and alignment with educational standards. (15 Marks)

---

**Question 4**

The education sector has multiple roles and objectives aimed at driving progress. Discuss the primary goals of an edupreneurial mindset in enhancing educational outcomes, such as fostering lifelong learning, promoting accessibility, addressing skills gaps, and advancing technological adoption in classrooms. (15 Marks)
