DEPARTMENT OF PUBLIC HEALTH SCIENCE
2025_2 EXAMINATIONS

COURSE CODE: PHS812
COURSE TITLE: GLOBAL HEALTH
CREDIT UNIT: 2
TIME: 1½ HOURS
TOTAL SCORE: 70 MARKS
INSTRUCTION: ANSWER ALL QUESTIONS

Question 1:

Critically analyse the relationship between climate change, global health, and sustainable development.

In your answer, discuss how climate change affects global health, particularly in vulnerable populations, and evaluate the role of Sustainable Development Goals (SDGs) in mitigating these effects. Use examples to illustrate your points, and propose strategies that could be implemented to enhance global health outcomes in the context of climate change and sustainable development. (24 marks)

Question 2:

Discuss the key components and pillars of a financial management and control framework in an organization.

In your answer, explain the resource management cycle and analyse the importance of each of the four pillars (Performance Information, Risk Management, Control Systems, and Ethics) in ensuring effective financial management and control. Provide examples of how these pillars might be applied in the public sector. (25 marks)

Question 3:

Explain the different sources of healthcare financing and discuss how each source impacts the provision of healthcare services. Provide specific examples where applicable. (21 marks)
